Each Sunday for the month of May
the Diocese of Killaloe Safeguarding Children Committee
will be emphasising the importance of Safeguarding Children

Week 2

"Safeguarding children is a practical living out of the baptismal vocation of every member of the Church to ensure the safety and well-being of those 'little ones' whom the Lord sets before us as those to whom the 'kingdom of God belongs' (Mt 9:14)" (NBSCCC training manual)

What does Safeguarding Children mean?

Safeguarding Means:
CREATING SAFE ENVIRONMENTS FOR CHILDREN
and those who work with them

In addition to responding appropriately to concerns and allegations of abuse, it is now clear that we need to implement standards that prevent abuse before it can begin. The Diocese has introduced prevention standards which empower concerned people to spot problems, recognise unsafe practice, and take action to prevent abuse happening.

The Diocese of Killaloe wants to become an exemplar in the field of child safeguarding: to set and maintain the highest standards possible.
