MY WORDS WILL NOT PASS AWAY

Some things last in life: like love and compassion, memory of kindnesses, big and small, influence of parents on children, moments of love, friendship and companionship, remembered and relived even when people have passed on.

And the word of God lasts, even though the heavens and earth, the weather and the winds, the crops and the plants, change each day and season.

The pictures Jesus uses are frightening: stars falling and the moon darkening, the sun going cold and dark.

We fear the upheaval of the earth, like turbulence on a plane flight, like thunder and lightning, like an earthquake moving our furniture.

We presume the earth will last forever, and Jesus is saying that his word is more lasting than the universe.

And we fear the signs he mentions: but these are not to be frightening signs, just signs that God is near.

Everything we see and experience, turbulent and calm, joyful and sad, can be to the eye of faith, a sign of the nearness of God.
