Why are we getting a new edition of the Roman Missal?

The new edition of the Missal will come into full use over a period of time between September and the First Sunday of Advent 2011. The new edition is necessary for a number of reasons. Firstly, in the years since 1975 when our current Missal was published, a number of additional texts have been made available for use in the Mass. These include additional Eucharistic Prayers, some new Masses of the Blessed Virgin Mary and Masses for over 20 new Feasts of Saints (for example St Pius of Pietrelcina - Padre Pio, Edith Stein, Maximillian Kolbe). These and other new material now need to go into the Missal so that they can be used in our celebrations.

Secondly, in recent years Rome gave new directions for the translation of the Latin text. Translators were asked to make the English text follow more closely the original Latin in its wording and structure. They were also asked to strengthen the Biblical language and images in the texts and to re-introduce some theological vocabulary that may have been lost over years. Across the English speaking world the new edition of the Roman Missal will, therefore, contain both new material and a new style of translation.
