### GOD'S HOLIDAY

God decided to take a holiday and sought advice as to where he could get away from the demands of the people. One angel suggested he go to the top of the highest mountain on earth but the other angels thought this a bad idea since people climb the mountain regularly these days. Another suggested the depths of the sea but again that was rejected because people could find him there. Another suggestion was to hide on the far side of the moon but human beings are even now going to the moon. Then a wise and trusted angel said quietly: 'Go and hide in the human heart - people will never dream of searching for you there.'

We travel long distances to find God unaware that God is with and within us.

Enjoy the summer holidays, Keep safe!
