Mullagh Hall Development Fund

Parishioners, Community members and clubs within our Parish are delivering a resounding Yes to the modernisation and development of our Hall. The initial tender price for the development including toilet block, new heating system, insulation and requirements to meet fire health and safety was €102,000. Initially the committee felt that at most we could only deliver on some of these objectives. However the response has been so incredible that €90,000 is now in sight. Due to this interest in our hall and obvious interest in its future the committee would like to go all they way and deliver the entire package. This would give us a hall not just for today but hopefully for the foreseeable future. To accomplish this we are leaving the date for contribution open to the end of January. Please send your contribution to the Parish Office or in the weekend baskets and be part of this Parish Community Success Story!
