## Built on a rock

No matter what our age, we look for security; we look for firm ground to stand on, and that’s what Jesus offers when he says that this word is a rock to live our lives by.

We live on firm ground when we find love in our lives, when we find meaning and direction, when we find something big enough to believe in through all our experience.

If we live by the word of Jesus, we have firm ground, our home is built on rock.

Be grateful for the rocks of your life: for the people who have always been there for you, for the love of God which never fails, for the faith that can give direction to all of life.

Be grateful for fun and humour, for laughter and for tears, be grateful for the sun that sets daily, for all his beauty. And when we notice beauty our home is built on rock.

Be grateful for the child that smiles or wakens you, for the embrace that consoles or strengthens you, for the joy that comes from saying sorry or making up.

Beauty, love, reconciliation - all bits of firm ground for life, and on this firm ground, our home is built on rock.
