Reflection

The fact that we may have a strong faith doesn't mean that life will be plain sailing for us.

What faith does is gives us bearings, thus enabling us to live in a topsy-turvy world without getting lost of giving in to despair. Just as swimmers trust that if they don't panic, and if they do a few simple things, then the power of the sea will uphold them, so believers entrust their lives to a power greater than themselves. That power is the power of God, who brought his Son, Jesus, back from the dead.
